My mother was an artist. She realized when I was a small child how much I loved art. I grew up doing art and I have never stopped! I had been painting with the Pastel medium. When I met my husband PETER.A.LATHAM, he encouraged me to paint in the watercolor medium. I finally found an instructor who taught me every technique in watercolor. She had learned all the techniques at the Boston Public Library. An Art school had taught her nothing about the watercolor medium. I finally found a technique in watercolor that allowed me to paint vivid color without getting the Horrible MUD color
